Your Agency

Accessibility monitoring report
www.w3.org/WAI/demos/bad/before/survey.html
Sep 21, 2026

Sample report. It uses a real scan of W3C WAI's public “Before” demo page (a fictional site built to show accessibility problems). The agency name is a placeholder; agencies upload their own name and logo.

23
of 100

Summary

44 issues across 1 page · **44** critical or serious

37 critical **7 serious** **0 moderate** **0 minor**

Changes since the previous scan

This is the baseline scan. Changes will be tracked from the next weekly scan.

What to fix first

Images must have alternative text

CRITICAL 24 elements · www.w3.org/WAI/demos/bad/before/survey.html

Affected: `img[src$="border_left_top.gif"]` `img[src$="border_top.gif"]` `img[src$="border_right_top.gif"]`

Suggested fix: Add an alt attribute to every <img>. Describe what the image communicates in context; use alt="" for purely decorative images.

```
<img src="team.jpg" alt="Our five-person support team in the office">
<img src="divider.svg" alt="">
```

Form elements must have labels

CRITICAL 11 elements · www.w3.org/WAI/demos/bad/before/survey.html

Affected: `input[value="1"]` `input[value="2"]` `input[value="3"]`

Suggested fix: Connect each input to a visible label with matching for and id attributes. Placeholder text is not a label.

```
<label for="email">Email</label>
<input id="email" type="email" autocomplete="email">
```

Select element must have an accessible name

CRITICAL 2 elements · www.w3.org/WAI/demos/bad/before/survey.html

Affected: `select[onchange="location.href = this.value;"]` `select[name="cc"]`

Suggested fix: Give every <select> a label.

```
<label for="size">Size</label>
<select id="size">…</select>
```

Links must have discernible text

SERIOUS 4 elements · www.w3.org/WAI/demos/bad/before/survey.html

Affected: `#home > a[onfocus="blur();"]` `#news > a[onfocus="blur();"]` `#tickets > a[onfocus="blur();"]`

Suggested fix: Give every link discernible text. For icon-only links, add an aria-label or visually hidden text.

```
<a href="/cart" aria-label="Shopping cart"><svg aria-hidden="true">…</svg></a>
```

All touch targets must be 24px large, or leave sufficient space

SERIOUS 2 elements · www.w3.org/WAI/demos/bad/before/survey.html

Affected: `.inaccessible > .report[href$="survey.html"]` `.accessible > .report[href$="survey.html"]`

Suggested fix: Make touch targets at least 24 by 24 CSS pixels, or space smaller targets so a 24px circle around each does not overlap another.

```
.icon-link { min-width: 24px; min-height: 24px; padding: 4px; }
```

<html> element must have a lang attribute

SERIOUS 1 element · www.w3.org/WAI/demos/bad/before/survey.html

Affected: `html`

Suggested fix: Add a lang attribute to the html element.

```
<html lang="en">
```

Automated accessibility scan. Results are informational and may not identify every accessibility issue. This service is not legal advice, a compliance certification, or a substitute for comprehensive manual accessibility testing.

Suggested fixes are general guidance based on the rule that failed; confirm each change in context.
